About EFICOR

The Evangelical Fellowship of India Commission on Relief (EFICOR) is a national relief and development organisation. Formed in 1967, our involvement has evolved over the years, including diversified areas such as sustainable development, disaster resilience and management, training and capacity building, and research. Central to our Vision of working towards a just, responsible, and compassionate society, we walk alongside the poorest and marginalised communities across India, empowering communities to become resilient and foster lasting change through our diverse programmes. EFICOR also plays an active role in educating, influencing, and equipping people to partake in social initiatives by training and capacity-building of individuals, community-based organisations, and institutions.

Our approaches are inclusive, demonstrate social and ethical performance, quality response, and accountability. Our programmes are thoughtfully integrated and designed to comprehensively address the multi-faceted needs of the affected populations.

In pursuit of enhanced operational efficiency and expanded outreach, the organisation has recently undertaken a decentralisation initiative, resulting in a strategic restructuring into four zones- North, Central, East, and South. This transformation is designed to increase organisational reach, visibility, and scalability.

Vision

Working towards a just, responsible, and compassionate society

Mission

- I. Influence and educate for justice and good governance
 - II. Facilitate communities towards transformation
 - III. Converge and collaborate for responsible social action
-

Goals

A. Improved Community resilience and quality of life of the vulnerable and needy towards sustainable development.

(Strategic Objectives: Food Security & Livelihood, Public Health, Humanitarian Response & Disaster Risk Management, Sustainable Environment, Urban Resilience & Peace Building).

B. Informed, equipped, and influenced individuals and organisations/ groups engaged with the vulnerable communities towards a better life.

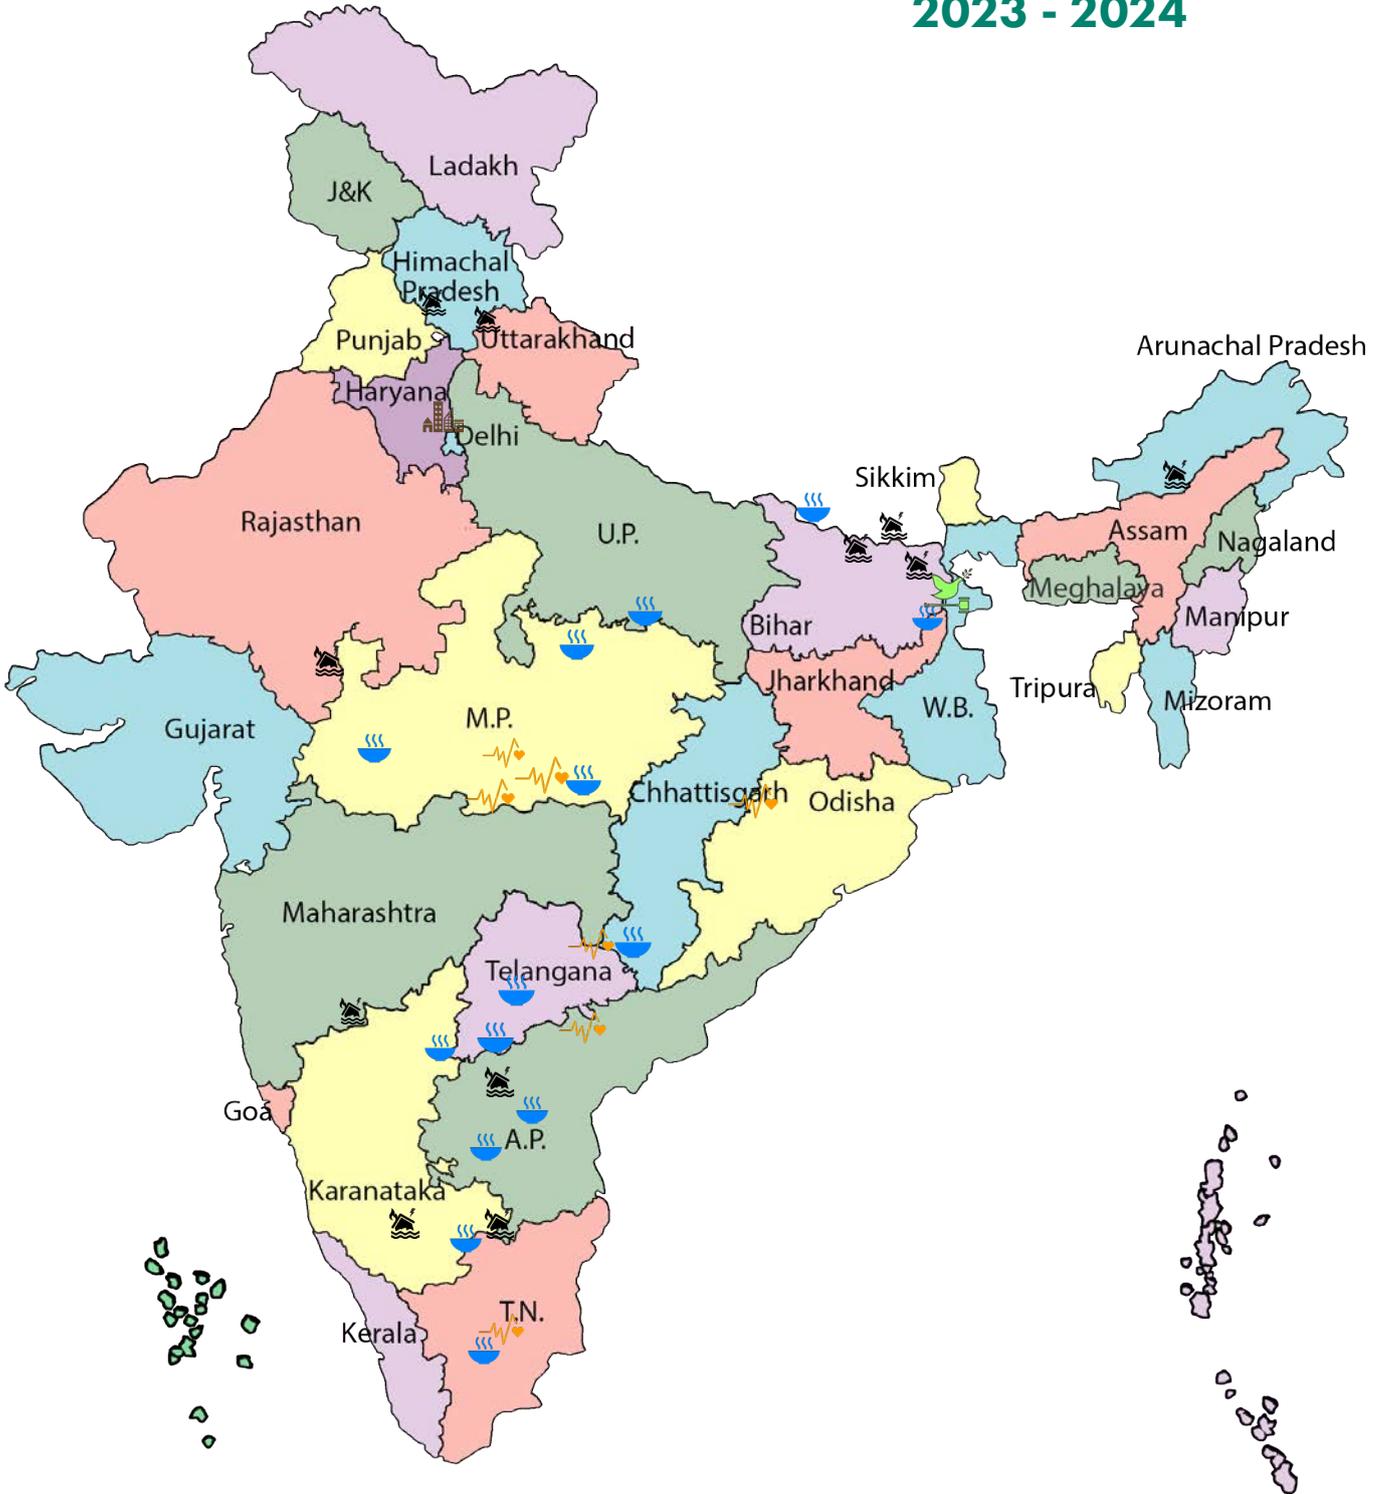

(Strategic Objectives: Capacity Building & Research).

C. Diversified resource opportunities for the continuity of organisational work among the communities.

(Strategic Objectives: Resource Mobilisation).

Our Area of Work

2023 - 2024

Legends

-  FOOD SECURITY & LIVELIHOOD
-  PUBLIC HEALTH
-  TRAINING & CAPACITY BUILDING

-  HUMANITARIAN RESPONSE & DRR
-  URBAN RESILIENCE
-  PEACE BUILDING

Our Area of Work (Legends)

FOOD SECURITY & LIVELIHOOD

- Chenchu Tribal Development Project - Nagarkurnool District, Telangana
- Heart Tribal Development Project - Badwani District, Madhya Pradesh
- Musahar Sustainable Development Project - East Champaran District, Bihar
- Amrapara Food Security Project - Pakur District, Jharkhand
- Bellary Livelihood Project - Bellary District, Karnataka
- Bhil Tribal Development Project - Pratapgarh District, Rajasthan
- Mawasi Integrated Tribal Development Project - Satna District, Madhya Pradesh
- Youth For Development - Tirunelveli District, Tamil Nadu
- Youth For Development - Bhadradi Kothagudem District, Telangana
- Godda Community Based Water & Food Security Project, Godda District, Jharkhand
- Jabera Integrated Community Adaptation Project, Damoh District, Madhya Pradesh
- UMANG Livelihood Support to PLHAs, Nagpur District, Maharashtra
- Child Wellbeing Community Development Project - Annamaya District AP, Nilgiri District & Gudalur district T.N., Bengaluru District Karnataka

PUBLIC HEALTH

- Shweta WASH Project - 12 districts of Andhra Pradesh and Telangana
- Samrudhi Project - Nagpur District, Maharashtra, Tirunelveli District (T.N.) and Bhadradi Kothagudem District, Telangana
- Suposhan Child Nutrition Project - Amravati District, Maharashtra
- Unnati MCH Project - Balangir District, Odisha
- Suraksha Bal Vikas Project - Burhanpur District, Madhya Pradesh

HUMANITARIAN RESPONSE & DRR

Humanitarian Response - Pan India Disaster Responses -

- Athani Disaster Risk Management & Resilience Project - Belgaum District, Karnataka
- Disaster Risk Management & Resilience Project - Katihar District, Bihar
- Disaster Risk Management & Resilience Project - Madhubani District, Bihar
- Disaster Risk Management & Resilience Project - Samastipur District, Bihar
- Heat Wave Relief

Pan India

PEACE BUILDING

Punarnirman Peace Building Project - Sahibganj District, Jharkhand

URBAN RESILIENCE

- Seemapuri Urban Resilience Project - East Delhi
- West Delhi Urban Community Resilience Project - Uttam Nagar, Delhi
- Disaster Preparedness for Community Leaders - Delhi NCR

Our Networks

Executive Director's Message

It gives me great joy to present a glimpse of EFICOR's work for the year 2024-25. For over five decades, EFICOR has worked alongside marginalised communities across India, promoting justice, compassion, and wholistic development. This mission has been possible through the valued support of our partners, the Government, and the communities themselves.

This Annual Report outlines EFICOR's interventions across India, including our work in NITI Aayog's Aspirational Districts, and highlights achievements in key thematic areas. Despite numerous challenges, EFICOR has steadfastly supported communities, upholding the principles of equity, justice, peace, and resilience.

In 2024-2025, we conducted a comprehensive review of our previous Strategic Plan. As we now proceed to develop our new Strategic Direction (2026-2030), we remain fully compliant with legal and statutory obligations and are dedicated to enhancing operational excellence. This new plan will serve as a guiding framework for our endeavours in the coming years, as we continue to foster resilience and uphold justice. In 2024-2025, EFICOR has reached over 7,37,097 individuals across 15 states in India.

On behalf of the Board, Society, and Staff of EFICOR, I would like to express my heartfelt gratitude to all our partners and well-wishers. Your constant support and encouragement inspire us to continue serving with passion, towards building a just, responsible, and compassionate society.

With kind regards,

A handwritten signature in blue ink, which appears to read 'M. Ramesh Babu'. The signature is written in a cursive style and is positioned above the printed name.

M. Ramesh Babu
Executive Director
EFICOR

Greetings from Supporting Partners

World Renew is honoured to be in partnership with EFICOR for the past two and a half decades. We share a common vision and mission for transformational community development.

We also have supported EFICOR in various relief projects, as requested and possible. EFICOR has carried out relief in partnership with local communities, consulting with Government and other organisations to avoid duplication.

World Renew appreciates EFICOR's commitment to excellence and the ongoing training it provides to staff to carry out evidence based work.

We are grateful to EFICOR staff for their commitment to the most vulnerable and their dedication and professionalism. We look forward to continued work in the coming year.

Dear Ramesh,

I would like to express my appreciation to you and your colleagues at EFICOR on behalf of ERIKS Development Partner (ERIKS) for the substantial partnership and collaboration that we have developed. ERIKS and EFICOR are motivated to celebrate the numerous positive outcomes and impacts that have been achieved at the community and child levels as a result of our collaborative efforts. Our collaboration has led to the transformation of previously vulnerable communities into places where people share a sense of solidarity and unity, and where children are able to enjoy their rights to meaningful participation with duty bearers, safety in the communities and schools where they receive education, health support, and other basic necessities.

We are grateful to the EFICOR team for their unwavering commitment and outstanding work, and we wish your community development work in India continue to be successful.

Our Impact

This report provides an in-depth analysis of the impact our work has had over the past year, spanning 2024-2025. As we review these accomplishments, we also look forward to the future, committed to continuing our mission. We are dedicated to sowing seeds of impact that will flourish in the years to come, ensuring that our efforts today pave the way for a just, responsible, and compassionate future.

Total Reach

1,47,419
households

7,37,097
individuals

Livelihood and Food Security

- **Sustained Food Security:**

5,081 of 8,642 families now consume more than two meals per day—an indicator of improved household food access. Enhanced agricultural yields, employment through Government schemes and project initiatives, SHG-linked financial inclusion, and better utilisation of government food entitlements drive this transformation.

- **Improved Dietary Diversity:**

4,788 households consistently consume more than three food groups. Their diets now include cereals, pulses, vegetables, meats, dairy, and fruits, marking a shift toward balanced nutrition.

- **Migration Reduction:**

Distress migration dropped significantly, as **1,399** families, from the **3,316** families we supported through livelihoods this year, stayed back after receiving local livelihood support

through Community Based Organisations and access to Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA).

- **Credit Access:**

229 SHG members accessed inter-loans at 2% interest, improving financial resilience. **₹8,20,000** lakh in loans helped **11** individuals invest in agriculture, housing, and weddings.

- **PwD Entrepreneurship:**

19 persons with disabilities launched small businesses (e.g., catering, e-rickshaw, garment stalls), leading to social inclusion and independent livelihoods.

- **Better Living Conditions:**

As a result of EFICOR programmess, **2,542** households now have improved housing, healthcare access, and savings. Families report increased spending on children's education and health—signs of long-term economic stability.

- **Sustainable Farming:**

300 farmers trained on climate-resilient practices reported doubled yield in Rice, Wheat and other staples. Practices such as Vermicomposting have enhanced soil health and reduced input costs.

- **Green Initiatives:**

37,658 saplings planted; **250** households established income-generating kitchen gardens; **60** farmers adopted Vermicomposting.

- **Leadership and Employment:**

504 youth involved in Youth clubs demonstrated leadership and civic participation in their communities. Skill training empowered **145** youth to secure jobs or start businesses, earning up to **₹10,000**/month.

- **Education Support:**

927 children accessed Educational Material kits which has increased active participation in schools.

- **Community Voice:**

1,936 individuals (including **699** women) actively influenced Panchayat decisions on infrastructure and entitlements being supported by EFICOR as part of local leadership building. More than **80** community-led applications yielded critical infrastructure—PMAY houses, dams, water taps—and **205** applications for social welfare are under process.

- **Child-Led Change:**

836 children led environment campaigns and civic initiatives through Child Parliaments. **₹21,875** raised by children benefited **75** peers with school supplies, encouraging retention and dignity in learning.

Skills and Support: A Path to Livelihood for Pinku Devi

Pinku Devi, a 40-year-old widow from Choti Salaha village in Samastipur District, Bihar, lost her husband seven years ago. Left to care for her three children, she relied on seasonal farm labour, earning just ₹80-₹100 per day for about three months a year, which was insufficient to meet her family's daily needs. Though skilled in stitching women's clothes, she lacked the resources to buy a sewing machine and earn a stable income.

In 2022, EFICOR formed a Disaster Management Committee (DMC) in her village. During a DMC meeting on income-generating programmes, the members recommended Pinku as a beneficiary. EFICOR, recognising her potential, provided her with a sewing machine.

Today, Pinku earns ₹200 - ₹250 daily by stitching and repairing clothes. This support has enabled her to sustain her family. Grateful for the opportunity, she now looks forward to expanding her work and securing a better future.

Public Health

- **Improved Mother and Child Health:**
 - **4,146** safe institutional deliveries facilitated.
 - **29%** reduction in undernutrition among children under 2 from the baseline of projects in Madhya Pradesh.
 - **3,025** children fully immunised; **8,048** exclusively breastfed infants.
 - **143** malnourished children recovered, and 894 pneumonia cases were successfully treated through EFICOR intervention.
- **WASH: 75,025** individuals adopted regular handwashing practices, reducing disease outbreaks.

A Story of Survival and Hope

Suna (22) and her husband Jagadish (25) from Nagphena village, Odisha, have lived through hardship, working as unskilled migrant labourers in Andhra Pradesh since childhood. Four years ago, Suna suffered a miscarriage at six months due to strenuous work at a brick kiln. Despite the loss, they had no option but to continue migrating in search of work opportunities. Two years later, Suna conceived again while working under harsh conditions, malnourished and without healthcare access. Unable to return home until she was six months pregnant, they faced a severe lack of maternal care in their village.

EFICOR's intervention proved lifesaving. The team provided counseling, nutritional support, and regular monitoring. In October 2024, Suna was diagnosed with severe anemia during labour and urgently referred for a C-section. A volunteer traveled 40 km at night to donate blood. Thanks to EFICOR, Suna delivered a healthy 2.8 kg baby boy. Today, mother and child are thriving - a testament to timely, compassionate care.

Disaster Resilience and Emergency Response

- **5,642** disaster-affected families received life-saving food, cash, and materials, enabling swift recovery.
- **839** households from **90** disaster-prone villages accessed safe drinking water via **30** high-rise tube wells; **100** families gained rescue boats; **14** flood-displaced families resettled.
- **Preparedness & Community Leadership:**
 - **6,102** families created household disaster plans.
 - **70** CBOs led advocacy and relief.
 - Local contributions of **₹10,39,000** lakh funded emergency community relief.
 - **650** trained Task Force Members enhanced local emergency response capacities.

High Rise Tube Well:

A Source of Safe Water and Good Health

Sita Kumari, a 19-year-old community task force member, lives in Pahari Tola village, Gopinagar Gram Panchayat, Kadwa block of Katihar district, in Bihar. Her family of five, including her parents, belongs to the Malto tribe and does not own any agricultural land, and faces recurring challenges due to annual flooding from the nearby Maniknath River.

Each rainy season, floods submerge low-lying tube wells, contaminating the water supply and leaving villagers without safe drinking water for 10-15 days. This often leads to illness, especially among children, women, and the elderly.

In response, DMC and task force members, including Sita, requested a high-rise tube well. In 2020, EFICOR's DRMR Project installed one, benefiting 41 families with clean, iron-free water, even during floods.

During the 2024 floods, fewer villagers suffered from waterborne diseases, thanks to this critical intervention. Sita and her community are deeply grateful to EFICOR for improving health and resilience in their village.

Urban Resilience

- **Entitlement Access:** **268** urban poor families in Delhi NCR secured pensions, ration cards, and identity documentation.
- **Youth and Women Upliftment:**
 - **140** children received academic support; **41** transitioned into formal education.
 - **107** youth received skill training; **65** now earn through micro-enterprises.
 - **153** women escaped domestic violence; **3** pursued legal redress as a result of project support.
 - **2** active women-led CBOs improved sanitation and resolved long-standing water supply issues affecting over **3,000** families.
 - **2,200** women and girls were reached through menstrual hygiene awareness campaigns. Before the initiative, most relied on cloth during menstruation. Now, due to increased awareness, they have adopted sanitary napkins, improving personal hygiene and dignity.

Securing a Ration Card: Empowering Families for a Better Livelihood

Kafeela, 28, lives with her husband Aslam and two sons in F Block, New Seemapuri. Migrating from Kolkata to Delhi in 2008 for better opportunities, the family struggled with poverty and lacked identity proof, including a ration card. Aslam works as a labourer, but their limited income makes accessing subsidised food essential. In 2019, they paid a middleman ₹3,000 to get a ration card, but it failed.

On 13th March, 2024, Kafeela attended an EFICOR awareness meeting and sought help. The team assisted her with documentation and submitted her application on 18th April, 2024. After six months, she received her ration card on 14th October, 2024 and was able to get 20 kg of wheat and 8 kg of rice monthly. Kafeela acknowledges EFICOR's vital role in helping her access the ration card.

Peacebuilding

- **Community Harmony:**

The Punarnirman project built peace across **43** conflict-prone villages, involving two tribal communities (Malto and Santhal) through connecting activities like SHGs and forest restoration.

- FMNR techniques regenerated **1,385** Bighas of degraded land, offering biodiversity and economic value to both communities.
- **1,392** families improved income by an average of **20%** from baseline through forest and farm-based products.

Training & Capacity Building

The Training and Capacity Building Department reached **21,487** people across **15** states, linking **25,076** individuals to welfare schemes and enhancing grassroots capacities through the Sahbhagita (collaborative development) approach.

Sahbhagita Training

The concept of Sahbhagita, meaning “working together,” emphasises collaboration and community engagement for sustainable outcomes.

- Active in **15** districts and **6** clusters, in Jharkhand and Bihar in North Zone. It expanded to South Tamil Nadu, Telangana, and Karnataka, and central zone Maharashtra.
- **21,487** individuals (**7,933** Male and **13,554** Female) trained to engage with communities.
- **25,076** people benefited through various government schemes.
- **6,79,992** Individuals and Households **1,41,998**.

From Bondage to Hope: A Family’s Journey to Freedom through Compassion

In the remote Garhwa district of Jharkhand, a poor family took a ₹40,000 loan from a local contractor to build a safe home for their children. But with meagre wages, repaying the loan became impossible. Without warning, the contractor uprooted the family and sent them to a distant worksite, where they were forced into gruelling, inhumane labour. Deprived of necessities and trapped in a cycle of debt and exploitation, the family lost all hope.

In desperation, the father reached out to Sahbhagita Mentor Sukhlal. Responding with empathy and urgency,

Sukhlal intervened, rescuing the family from bondage. He arranged food, provided essentials, and helped the father find dignified work. Opening his own home to them, Sukhlal offered not just shelter but a renewed sense of dignity and hope. This story is a powerful reminder that one person’s compassion can transform lives.

Social Workers' Training Programme

Through this training programme, grassroots workers are equipped to effectively engage in community development.

- **2** Batches, Maharashtra and Delhi, were conducted.
- **44** participants (**22** male and **22** female) were trained and equipped with tools for social engagement.
- **17,058** people benefited from the work of Social Worker trainees, addressing community needs, especially in accessing Government schemes.

Bringing Education to Marginalised Children: A Journey of Hope and Inclusion

Nilesh Ingle thanked EFICOR for the Social Workers' Training, which gave him practical skills in community development and strengthened his commitment to serve the poor. With his wife, he began working in Ghorad village, Nagpur district, Maharashtra which is home to 2,000 - 3,000 people, including migrant workers from Bihar and members of the Gond tribe.

Using skills learned during the Social Workers' training, the couple conducted a Need Assessment survey and identified 20-25 children, aged 6-15, who had never attended school due to poverty and lack of awareness. They started a free tuition center for these children. Initial skepticism soon turned into trust as parents saw their children's progress in learning. Today, growing community support motivates the couple to reach even more children with educational opportunities.

Community Transformation Training Programme

6 Community Transformation Training sessions have been conducted and 314 trained (186 male and 128 Female) and participants have gained skills and knowledge required to work for the development of their communities.

Restoring Hope – The Story of Roshni Sunil Dhote

For 15 years, Roshni Sunil Dhote lived with her husband and two children in a fragile thatched house in Sires Gaon, Maharashtra, an unsafe structure near a jungle, river, and cemetery. Monsoon rains damaged the roof of their house causing leaks, snakes entered their home, and they shared the cramped space with livestock. However, the bigger hardship was her husband's alcoholism. Though he earned daily wages through agricultural work, most of it was spent on alcohol, leading to frequent fights. In a drunken state, he even gave away the house rights to his sister, leaving the family without legal ownership and ineligible for Government housing. When Roshni's application for the Awas Yojana was rejected in 2022, she left with her children to live with her mother, heartbroken and hopeless.

Their turning point came when Ajay, a trained community volunteer from the same village, stepped in. He guided Roshni in reapplying for the Indira Awas Yojana, and this time, the application was approved. A sturdy new home was built for her family. Ajay also began counselling Roshni's husband, helping him recognise the damage caused by alcoholism. Over time, he gave up drinking and began rebuilding trust with his family. Today, Roshni and her family live together again in a safe and stable home. Their story is a powerful testament to how one person's compassion can restore dignity, unity, and hope.

Creation Care

- **9,648** people were reached through messages on caring for the creation and committed to reducing plastics, promote environmentally friendly lifestyle.
- **53** trainers equipped to facilitate workshops on creation care.
- **3,596** children reached through school awareness programmes on caring for the environment.

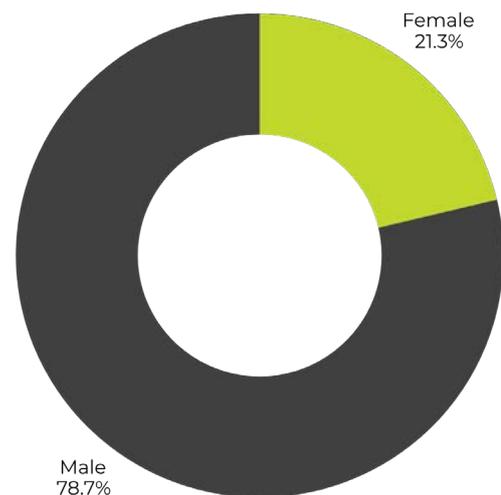

Human Resource Development

Total Team: 216 (Staff including Service Provider.)

- Total Staff: **94** staff (**74** male, **20** female)
- Attrition Rate: **10.36%**
- EFICOR engaged **122** Service Providers (**56** male, **66** female)
- Training: **46** staff completed compliance training on Anti-bribery and Corruption, Conflict of interest, Fraud awareness, Information security, Safeguarding, and Whistleblowing.

FOR THE MONTH OF MARCH 2025

Organisational Effectiveness

- EFICOR completed the CHS (Core Humanitarian Standard) maintenance audit, leading to the extension of its certification.
- The CHS internal audit team was formed and equipped to conduct the internal audit.
- UNICEF had conducted a Partner's organisation capacity on Prevention of Sexual Exploitation, Abuse and Harassment (PSEAH). EFICOR had scored **8** out of **8**, meeting all expected standards.

Internships

27 students (**14** male, **13** female) from different colleges and universities have applied and completed their **1** to **4**-week internship programmes. Their time in EFICOR and its project helped them learn about community development work and change their perspective regarding working with the communities.

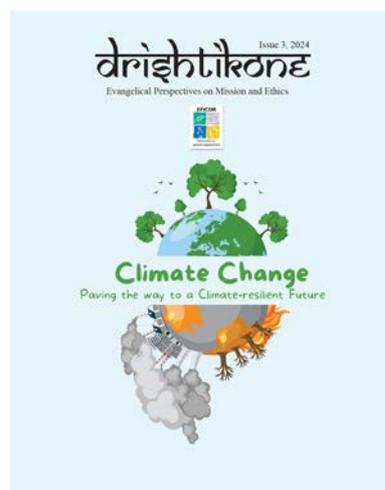

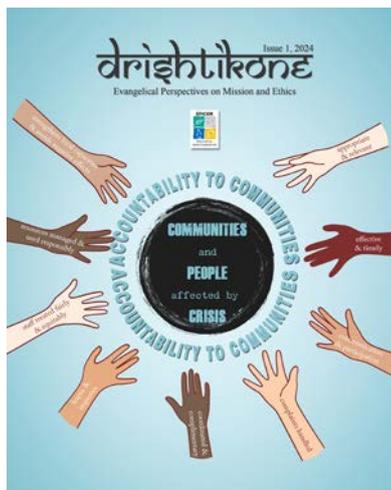

Publications

3 Issues of Drishtikone published during 2024-2025:

Accountability to Communities
- Issue 1, 2024

Forgiveness, Peace and Reconciliation
- Issue 2, 2024

Climate Change
- Issue 3, 2024

Networking

The Executive Director, Mr. M. Ramesh Babu, attended and facilitated sessions on “Policy Roundtable meeting for Disaster Resilience and Climate Change” at Indian Institute of Technology (IIT), Roorkee, Uttarakhand.

Collaboration with the Government Departments and Recognition: EFICOR has established and maintained strong collaborative relationships with various line departments at both the local and national levels. The organisation has been formally recognised by the National Disaster Management Authority (NDMA) as one of the Core organisations in the field of Disaster Management. Additionally, EFICOR works closely with several key ministries, including the Ministry of Environment, Forest, and Climate Change MoEFCC; the Ministry of Women and Child Development; the Ministry of Health & Family Welfare; the Ministry of Minority Affairs; and the National Livelihood Mission, among others.

Awards and Recognition

EFICOR was honoured with the Best NGO Award for **2024** by Mr. Iqbal Singh Lalpura, Chairperson of the National Commission for Minorities, Ministry of Minority Affairs, during the National Awards for Social Excellence **2024** held on **15th** August, **2024**. This accolade reflects the organisation's unwavering commitment to reaching and serving underserved communities across the country.

Foreign Visits

Participation in the **2024** Asia-Pacific Ministerial Conference on Disaster Risk Reduction (APMCDRR): The Executive Director, Mr. M. Ramesh Babu, attended the **2024** Asia-Pacific Ministerial Conference on Disaster Risk Reduction (APMCDRR) held during October **14th - 18th**, **2024**, at the Philippine International Convention Centre in Manila. The APMCDRR serves as the primary regional platform for monitoring, reviewing, and enhancing cooperation in the implementation of the Sendai Framework for Disaster Risk Reduction (**2015 - 2030**).

COP 29

The Executive Director, Mr. M. Ramesh Babu, attended the **29th** United Nations Climate Change Conference on behalf of the Swedish Mission Council (SMC), which took place during November **11th - 22nd**, **2024**, in Baku, Azerbaijan.

CCT Training

Mr. Achhe Lal and Mr. Rupchand Ganta attended the Asia Regional Level CCT Training of Trainers (ToT) during **12th - 14th** September, **2024** in Colombo, Sri Lanka.

Creation Care and Environmental Stewardship

Mrs. Joylin Niruba attended the Fourth Lausanne Congress and Global Creation Care Forum held in Incheon, South Korea from **22nd** September to **2nd** October, **2024**.

Micah Connect Asia Conference

Mr. Harshan K.Y. and Mr. Achhe Lal attended the Micah Connect Asia **2024**: Humanitarian Response Conference during **10th** to **14th** November, **2024** in Kathmandu, Nepal.
